

Timmons Wealth Management, LLC
Business Continuity Plan (BCP) Client Disclosure Statement
RESUMPTION OF BUSINESS OPERATIONS FOLLOWING BUSINESS DISRUPTION

Timmons Wealth Management, LLC (“TWM”, “Timmons Wealth Management”) has developed a Business Continuity Plan detailing how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Action Plan: Timmons Wealth Management, LLC plans to quickly recover and resume business operations after a Significant Business Disruption (SBD) and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm’s books and records, and allowing our customers to transact business. In short, our company’s Business Continuity Plan (BCP) is designed to permit us to resume operations as quickly as possible, given the scope and severity of the SBD.

The BCP addresses data backup and recovery; all mission-critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact and regulatory reporting.

Significant Business Disruptions: TWM’s plan considers two kinds of significant business disruptions, internal and external. 1. Internal SBDs affect only the firm’s ability to communicate and do business, such as a fire or loss electrical power in the office or building. 2. External SBDs, such as a terrorist attack, a natural disaster, or another event that causes a wide-scale, regional disruption in essential services, prevent the operation of the securities markets or a number of firms.

Internal SBDs: In the event of a disruption in Timmons Wealth Management’s business operations due an internal SBD, the firm will attempt to continue to conduct business as usual by utilizing alternative communication methods (if available), such as the Internet, cell phones, etc., or by moving its operations to an alternative location.

If personnel or operations must be moved to an alternate location, the firm anticipates that it will resume regular operations as soon as personnel can access the alternate site.

External SBDs: In the event of a disruption in TWM’s business operations due to an external SBD, the firm will attempt to continue to conduct business as usual by moving its operations to an alternative location outside the affected area, if possible, or by providing customers with alternative communication arrangements, as indicated below, to conduct business.

Timmons Wealth Management will attempt to resume business and keep its customers informed regarding relevant events to the best of its ability based on the circumstances.

In all cases, Timmons Wealth Management will resume normal business operations as soon as it is able to do so, based on the type and the extent of the disrupting event.

If the significant business disruption is so severe that it prevents us from remaining in business, we will communicate to our customers’ as soon as possible.

Communications: In the event that you are unable to reach Timmons Wealth Management, LLC at our main number, please proceed as follows:
